

THE 2014 - STATE OF NEBRASKA  
Primary, General and Special Elections

**A Summary of Campaign Financing**

The Candidates and Ballot Questions  
Political Action Committees  
Political Party Committees  
Corporations, Unions & Other Entities

**INTRODUCTION**

This publication summarizes financial activity which occurred during the 2014 election year. The information was obtained from the campaign statements filed by political committees and from reports filed by corporations, unions, and other entities. Each section of this publication begins with a brief summary describing its contents.

The Statewide Primary Elections were held on May 13, 2014 and the Statewide General Elections were held on November 4, 2014. Other, Special Elections were locally held on various dates throughout the year.

For the year 2014, registration of a political committee was required upon raising, receiving or spending, \$5,000 or more\* within a calendar year to influence an election (\*Changed back to "more than" \$5,000 in 2015). Some candidates and committees may not appear in this publication (i.e., they did not reach \$5,000) and some offices or ballot issues that appeared on the ballot are not listed in this publication (i.e., none on the ballot reached \$5,000).

Each section includes hyper-links (in blue) to our website data which can be directly accessed while viewing this publication from your computer. However, for the most detailed information, you may wish to visit our office and examine the file for a given committee or entity.

## **CANDIDATES and BALLOT QUESTIONS**

Constitutional Offices  
District Offices  
County Offices  
Municipal and Local Offices  
Ballot Issues

This section summarizes how candidate and ballot question committees were financed during the 2014 election year. The information was obtained from the Campaign Statements (NADC Form B-1) filed by the candidates and ballot question committees.

Within the following summary, "Annuals" refers to all annual campaign statements leading up to the 2014 election year. "Primary" refers to campaign statements filed for the primary election. "General" refers to campaign statements filed for the general election. "Receipts from Others" includes contributions from Businesses, PAC's, and Political Parties. "Receipts from All Sources" includes individuals, others, and also may include loans received or repaid and bank interest. "W" or "L" next to Primary or General designates if the candidate won or lost the primary or general election.

From your computer, you may click on a candidate or committee name for a link to filings by the committee that are available on our website. Contributions, Expenditures and other data can be found under "B-1: Campaign Statement [Candidate or Ballot Question Committee]" by clicking on the reporting period which the statement covers. (Typically there are three campaign statements per election, two before and one after). After clicking on a statement period, you will see the first page of the statement with links to the remaining pages toward the top of the statement. Schedule A lists contributions from Individuals (for the election year to date). Schedule B lists contributions from all other sources (for the election year to date). Schedule D lists expenditures for the specific reporting period only.

## **Section: II**

# **POLITICAL ACTION COMMITTEES**

This section summarizes how Independent Committees, generally referred to as Political Action Committees (or PAC's) made and received political contributions during the 2014 election year. The information was obtained from the Campaign Statements (NADC Form B-4) filed by the Political Action Committees.

Typically, a PAC is formed by a group of two or more individuals for a general cause (e.g. to support candidates who favor agriculture). PAC's which are formed by a corporation, union, or other entity and which receive voluntary contributions from their employees, officers, directors, stockholders, or members are referred to as Separate Segregated Political Funds. A separate bank account must be established and the sponsoring organization (corporation, union, or other entity) may not contribute (from its own "general" fund) to its separate segregated fund. A PAC which supports or opposes a candidate or issue appearing on the ballot must file campaign statements (NADC Form B-4) during that election period.

In the summary on the next page, "Receipts" refers to the net total of all receipts from all sources during the election year and "Expenditures" refers to the net total of all expenditures during the election year. "Nebraska Expenditures" are disbursements made in support of or in opposition to Nebraska state and local candidates and ballot questions. Within some PAC names "NE" is short for Nebraska.

From your computer, you may click on a PAC name for a link to all filings by that PAC. Furthermore, for each PAC, you may click on the "Nebraska Expenditures" amount for a list of all the state and local candidates and ballot questions which were supported or opposed by that PAC during the year.

## Section: III

### POLITICAL PARTY COMMITTEES

This section summarizes how Political Parties made and received political contributions during the 2014 State and Local Elections. The information was obtained from the Campaign Statements (NADC Form B-2) filed by the Political Parties.

Political Party Committees are not required to summarize grand totals of receipts and expenditures on their campaign statements. For 2014 they were required to disclose: candidates or ballot issues whom they supported or opposed (in any amount) during the election year; and, contributors who gave them \$250 or more\* (\*Changed back to "more than" \$250 in 2015).

From your computer you may click on a Political Party committee name for a link to all filings by the committee that are available on our website. Contributions and Expenditures can be found under "B-2: Campaign Statement [Political Party Committee]" by clicking on the period which the statement covers. (Typically there are three campaign statements per election, two before and one after). After clicking on a statement period, you will see the first page of the statement with links to the remaining pages toward the top of the statement. "Contributors" lists contributions received. "Expenditures" lists disbursements on behalf of candidate and ballot question committees.

POLITICAL PARTIES - 2014	TOTAL RECEIPTS	TOTAL EXPENDITURES
<a href="#">Buffalo County Republican Party</a>	\$ 2,035.00	\$ -
<a href="#">Burt County Democratic Central Committee</a>	\$ -	\$ -

<b>TOTALS</b>	\$ 705,737.66	\$ 214,720.69

## **Section: IV**

# **CORPORATIONS, UNIONS & OTHER ENTITIES**

This section summarizes how Corporations, Unions, & Other Entities (LLC's, LLP's, and Industry, Trade, or Professional Associations) made political disbursements during the 2014 election year. The information was obtained from the Reports of Political Contributions (NADC Form B-7) filed by those entities.

For 2014, all Corporations, Unions & Other Entities formed under Nebraska law or doing business in the state of Nebraska were required to report their political disbursements of \$250 or more\* in support of or opposition to candidates and ballot questions (\*Changed back to "more than" \$250 in 2015). Corporations, Unions & Other Entities that wish to solicit political contributions must do so through a Separate Segregated Political Fund which is a type of Political Action Committee (see Section II).

The figures reported in this section include direct contributions (money, pledges, in-kind contributions, and loans) to candidates and ballot questions committees, and in-direct contributions such as independent expenditures (made without input from a committee) supporting or opposing candidates or ballot issues.

For further detail you may click on the link at the end titled "B-7 DETAIL" to open a 74 page document illustrating the committees that were supported (or opposed) by these entities.
